Wednesdays: Ages 12 thru 15 at 6:00pm

Trinity Harbor is dedicated to providing individualized services for all ages. Play therapy is offered for children between the ages (3-10) years. Play therapy is recommended for social skills development, self esteem, self expression and to assist with psychosocial and adjustment difficulties. Individual or Group sessions are offered to children and parents. The licensed and/or Masters level therapist will facilitate the play sessions based on the Child Centered Play Therapy model with the child. The goal of this model is to support the emotional, developmental growth of the child. Play therapy can also help strengthen and nurture the parent / child relationship. Also recommended for clients with ADHD.

Our new offices are located centrally to Broward County and Palm Beach County in the Whispering Woods Executive Offices Complex on the border of Parkland and Coral Springs in South Florida.
